item no.

03.18.500

**Barrier gate, basic**

To close quickly (smaller) crossovers during movement of groups of cows. Standard hinge point and a locking point is included for mounting to a wall or on a support post 76 mm.

200-400 cm

03.21.200

**Fittings for mounting to support post**

Floor-mounted support post 76 mm x 160 cm

10.26.160

Threaded strap 76 x 120 mm (4 per barrier gate)

04.57.120

**Fittings for mounting to wall**

Mounting clip 48 mm

04.18.015

Floor anchor M10 x 71 mm (10 per barrier gate)

11.11.210

**Barrier gate, spring loaded**

To close quickly and simple large crossovers, for example feeding passages.

The Barrier gate can rotate 360° around the included floor mounted support post (76 mm x 100 cm).

Included also a locking point which can be mounted to the wall or on a support post 76 mm.

In combination with several locking points is it easy to move the animals in different directions.

300-550 cm

03.23.300

**Fittings:**

Additional locking point

03.21.005
